

GIANT GOURMET BISCUITS

These gigantic cookies combine our chocolate heritage with the skills and traditions of our family-owned master bakers to produce a delicious new range of British biscuits.

Our chocolate chip cookies are crammed with chunks of dark chocolate. The other varieties couple our favourite crumbly biscuit recipes with smooth dark or milk chocolate, all brought together in colourful, eye-catching packs.

Our giant Gourmet biscuits make an ideal treat or gift, whilst offering our retail partners an opportunity to provide a profitable range that is unavailable in supermarkets.

GOURMET BISCUITS

We've teamed up with one of Britain's oldest and most respected bakers to create this superb range of luxury biscuits.

This distinctive addition to the Gourmet range offers fine food retailers the opportunity to stock a premium biscuit collection, whilst avoiding direct low-profit price competition with mass produced alternatives available in supermarkets.

We have tasted every recipe and believe your customers will adore our decadent flavour combinations, such as caramel and sea salt in milk chocolate and ever popular dark chocolate gingers.

Ordering is quick, easy and hassle-free! Just add biscuits to your normal Bon Bon's confectionery order in whatever quantity you need. We will rapidly despatch your order, meaning your business reduces costs whilst increasing sales and profit.

Our biscuits are suitable for vegetarians.
